PERFORMANCE TRENDS OVER 4-YEAR PERIOD

	Absolute Rating	Improvement Rating	Adequate Yearly Progress
2001	Good	Excellent	N/A
2002	Good	Unsatisfactory	N/A
2003	Good	Average	No
2004	Good	Average	Yes

DEFINITIONS OF DISTRICT RATING TERMS

- Excellent District performance substantially exceeds the standards for progress toward the 2010 SC Performance Goal
- •Good District performance exceeds the standards for progress toward the 2010 SC Performance Goal
- •Average District performance meets the standards for progress toward the 2010 SC Performance Goal
- Below Average District is in jeopardy of not meeting the standards for progress toward the 2010 SC Performance Goal
- Unsatisfactory District performance fails to meet the standards for progress toward the 2010 SC Performance Goal

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Greer High School has continued to use trend data gathered over the past five years to build a renewal and school improvement plan. Renewal efforts have focused on standards and requirements of the International Baccalaureate Program and of the Southern Regional Educational Board. Greer High has successfully completed requirements for entry into both of these prestigious organizations and is a member school in good standing.

Of noteworthy efforts are the additions of curricula that address rigor and academic challenge for our students. The IB Program will permit students at Greer High School an opportunity to compare their academic performance with other students internationally. The Southern Regional Educational Board has provided Greer High with benchmarks of academic performance from schools like ours within the United States and our region. Best practices for achieving academic success has been one of the most important outcomes of participating as a member school in SREB.

Continuing efforts have focused our attention, time, and resources on expanding both the ceiling and the foundation of academic achievement. Federal legislation under the No Child Left Behind Act and its accompanying state corollaries have caused all schools to look in greater detail at the instructional needs of all students. This is the first year of the South Carolina High School Assessment Program which was formerly the Basic Skills Exit Exam. South Carolina has sought to raise the standard and bar for student achievement as South Carolina ranks among the top five states in the nation in reform efforts. Results of the first year's efforts in HSAP will be arriving soon and will be the basis for determining strategies and improvement plans that specifically address areas of needed improvement.

Greer High is pleased to note continued improvement on state and national achievement standards. SAT Verbal scores have increased by 19 points in the last two years while SAT Math scores have increased by 26 points. For those students taking the ACT, improvements have also occurred. Probably the best indicator of school effectiveness is that these increases have occurred as the number of students taking the SAT and ACT has increased. Greer High has also continued to forge ahead in AP as our number of students taking AP courses has nearly doubled in the last two years - from 76 to 141- and at the same time the success rate has increased rather than decreased.

Greer High made many positive strides in the 2003-2004 school year. Much remains to be done as the stakeholders of our school and community continue to strive for the very best educational opportunities for all students.

Marion Waters, Principal Sherie Lynch, School Improvement Chairperson

EVALUATIONS BY TEACHERS, STUDENTS, AND PARENTS
